Ben - Please find a attached a list with the active and proposed Silica Mines in Utah. I have not been to all of the sites, but I have been to both Roudabush and SiO2, both of the deposits are very high grade deposits...up to 97% Silica.

Dear Leslie:

Thank you very much for telephone talking and "Silicon Information".

As I told you, recently I have been requested from Japan and Korea to find some "Polysilicon" manufacturing companies in our State. The companies in both countries want to import the "Polycrystalline Silicon" (>7n: good quqlity) based upon the legal contract. If things are going good, Westwood Industries will handle this silicon business to export to Japan and Korea.

Pleaase email "Silicon Information" as follows:

- 1) Manufacturing companies names ,phone and fax numbers
- 2) whom do I have to contact ?

If you inform me of the above, it would be highly appreciated.
